## **I. BIOGRAPHICAL SKETCH**

Mr. Clunk is a Construction Consultant whose expertise includes project planning, scheduling, cost control, and schedule delay impact analysis. He is a recognized consultant in construction management, critical path method schedule analysis and damage calculations. Mr. Clunk's professional education includes a BS in Civil Engineering.

Following graduation from High School, Mr. Clunk enlisted into the United States Navy Seabees. During his enlistment Mr. Clunk served in several locations throughout the United States and overseas; additionally, serving in Operation Desert Storm where he received "Seabee of the Quarter" for his outstanding service. In 1994, Mr. Clunk received an honorable discharge from the United States Navy. Mr. Clunk studied and received a Bachelors of Science Degree in Civil Engineering (1989-1994) at California State University at Long Beach.

Following his degree, Mr. Clunk began working for Adams and Smith, Lindon, UT (1994-1996) in the capacities of Field Engineer and Junior Project Engineer. Mr. Clunk quickly moved on to become a Project Scheduler and then a Project Manager of both small and large private and public construction projects. In 1996, Mr. Clunk continued his professional career as a Project Scheduler and Project Manager working for Excel Paving Company, Long Beach, CA. While at Excel Paving, Mr. Clunk began to develop his claims experience while working on multiple projects with varying needs.

In 2005, Mr. Clunk started Derigo Consulting where he continued to assist contractors with project scheduling and schedule analysis for claims preparation in both Arizona and California. In 2007, Mr. Clunk began working as a construction consultant with Nitro Associates. Mr. Clunk works as a Senior Construction Consultant with Nitro Associates providing all levels of construction and claims consulting, including scheduling, forensic schedule analysis, claims analysis, mediation and arbitration preparation and client management services. In addition, Mr. Clunk specializes in construction management, critical path method schedule analysis, and delay and damage calculations.

Mr. Clunk is a former member of the American Association of Cost Engineers International (AACEi) where he served as an elected board member for AACEi's Arizona Chapter for two years. In 2012, Mr. Clunk was nominated and elected to Secretary for the Arizona Chapter where he served for two consecutive years. Mr. Clunk is also a member of the Project Management Institute (PMI) Arizona Chapter.

## **II. CERTIFICATIONS, QUALIFICATIONS AND MEMBERSHIPS**
